Puppeteer old Headless deprecation warning:

In the near future 'headless: true' will default to the new Head for Chrome instead of the old Headless implementation. For more information, please see https://developer.chrome.com/articles/new Consider opting in early by passing 'headless: "new"' to 'puppeteer'. If you encounter any bugs, please report them to https://github.com/puppeteer/puppeteer/issues/new/choose.
